**CAPTAIN'S RESPONSIBILITIES**

- 1) The captain is responsible to attend the captains' meeting or send a team representative.
- 2) **The captain is responsible for knowing and following all current USTA League Regulations, national, sectional, and local rules and guidelines. Once a team signs up, they are agreeing to abide by all the rules and regulations as well as procedures and instructions discussed at the captain's meeting.**
- 3) It is the captain's responsibility to contact the league coordinator with any changes in their phonenumber and/or email address. Failure to do this could result in a team not receiving important information concerning league play. All teams must have a captain listed with a current phone number and email address.
- 4) It is the home team captain's responsibility to contact the host facility 48 hours in advance of the match to confirm court availability.
- 5) It is the captain's responsibility to secure a team number and instruct players to register in "Tennis Link".
- 6) **It is recommended that captains should provide (forward) a copy of the 2025 GEPTA/SNM League Regulations to their team players.**

**LEAGUE FACILITIES**

- 1) All league facilities or playing sites are required to have bathrooms available, and there must be enough courts for the entire match to be played on the scheduled match date.
- 2) **League facilities are not required to provide courts for warm-up prior to the scheduled match time. However, all players will be given the time needed for a proper warm-up.**
- 3) If there are no dates available for match schedules at a facility, matches may revert to the facility that has available courts at the league coordinator's discretion, resulting in uneven home and away matches.

**OFFICIAL GEPTA SURFACE**

- 1) All matches will be played on a hardcourt surface. The only exception to this, is if both teams/players agree to play on an alternative surface.

## **MATCH FORMAT**

- 1) All matches will consist of the best of 3 sets, with a (10 point) MATCH TIE-BREAK played in lieu of a third set.
- 2) A (7 point) SET TIE-BREAK will determine a set at 6-games-all.
- 3) The COMAN TIE-BREAK PROCEDURE will be used in all tie-breaks.

## **RESCHEDULE OF MATCHES**

- 1) Mandatory Rescheduled Matches:
  - a) Requests to reschedule MUST be accommodated by the opposing team for the following reason only: Conflict with a Sectional or National League Championship where 20% of the requesting team is registered to play.
  - b) Five days advance notice is required, or the match will be played as scheduled.
  - c) All "Mandatory Rescheduled" matches must be completed within 21 days of the originally scheduled match, or it will go down as a double team default. If the two captains cannot agree upon a day to reschedule within 21 days, the GEPTA/SNM League Coordinator must be notified, and he will work with the tennis facilities to schedule the match.
- 2) Other Rescheduled Matches:
  - a) Matches on the original schedule that do not meet the "mandatory reschedule requirements" may be rescheduled IF BOTH CAPTAINS AGREE upon a date/time which occurs within 21 days after the originally scheduled match. If a date cannot be agreed on by both captains, the GEPTA/SNM League Coordinator should be notified and will set the date. The new rescheduled date is binding unless a change is approved by the GEPTA /SNM League Coordinator.
  - b) If a team agrees to reschedule a match, all lines will be scheduled for the same date. The only exceptions will be if the rescheduled match was due to weather or a problem with the courts. Any exceptions will have to be approved by the League Coordinator.
  - c) Rescheduling due to weather issues should be determined 2 hours prior to the scheduled match. If the captains cannot come to agreement upon rescheduling the match due to weather the GEPTA/SNM League Coordinator will make the decision 2 hours prior to the match.

## **OFFICIAL MATCH TIMES AND DEFAULTS**

- 1) It is recommended that both teams arrive at the match site at least 30 minutes prior to scheduled match time.
- 2) When the visiting team arrives at the match site, the captains will agree on the official time. Cell phone time is suggested as the official time of day.
- 3) Team captains or their representative shall exchange their team lineups simultaneously prior to the beginning of each team match. USTA Reg. 2.01C(5). Line-ups will be exchanged in time to start the match at the designated time on the published schedule. Both captains should have their line-ups written down prior to the exchange.
- 4) No substitutions may be made in a match after the line-ups have been exchanged unless there is an illness or injury of a player prior to the start of the match. USTA Reg. 2.01C(5)
- 5) The USTA Point Penalty System shall be used. Default time is 15 minutes after the scheduled match time. Time penalties will be enforced: 5 minutes or less, 1 game, and the toss; 5:01 -10 minutes, 2 games and the toss; 10:01-15 minutes, 3 games and the toss; after 15 minutes, default.
  - a. Exception: Away teams with matches at Ft. Bliss are required to arrive at the Facility

GATE no less than 30 minutes prior to match time and may not be defaulted if held at the gate to obtain a PASS with proof of arrival time (i.e., Guard gate sign-in sheet with name/date/time.)

The order of individual defaults in local leagues is the same as the USTA National League Regulation 2.03K: Team Defaults. A team must have a minimum number of eligible players available for play in each team match in accordance with the following table or the entire match must be defaulted. The maximum number of positions that may be defaulted without defaulting the entire match is noted. When defaults are necessary, the defaults shall be determined by the defaulting captain in accordance with the table below:

ALLOWABLE DEFAULTS				
DIVISION	AGE GROUP	MINIMUM NUMBER OF ELIGIBLE PLAYERS REQUIRED TO BE AVAILABLE PER MATCH	MAXIMUM NUMBER OF POSITIONS THAT CAN BE DEFAULTED	REQUIRED POSITION(S) AND ORDER OF MATCH DE FAULTS
Adult	18 & Over 2.5 women & 5.0+	3	1	No. 1 Singles Or No. 2 Doubles
	18 & Over 3.0, 3.5, 4.0, 4.5	4	2	<u>Singles:</u> No. 2 Singles before No. 1 Singles
	40 & Over 3.0, 3.5, 4.0, 4.5	5	2	<u>No. 1 Singles</u> <u>Or</u> <u>No. 4 Dbls before</u> <u>No. 3 Dbls, and</u> <u>No. 2 Dbls before</u> <u>No. 1 Dbls.</u>
Adult	55 & Over	4 players who are eligible to combine and compete	1	No. 3 Doubles
Mixed	18 & Over 40 & Over			

It is suggested that the line-ups be filled out placing any potential late players in the default positions, so that the other matches will not be penalized for delays described in rule 5 above.

- 6) National Regulation 2.01C(2) Team Match. Each team match in a local league shall consist of such number of individual matches of singles, doubles, or any combination thereof as determined by the local league. Each team must have the minimum number of players available to play the majority of individual matches. If one team does not have the minimum number of players, the opposing team will be credited with winning each individual match. If neither team has the minimum number of players, the match shall be scored as a double team default, and neither team receives credit for a win. In the case of a team default or double team default any individual matches actually played will only count for NTRP ratings and eligibility for advancement and cannot count for determining standings.

If both teams have the minimum number of players available, but the combination of

individual defaults given by the two teams would result in the majority of matches not being played, the teams must follow the procedure established by the Sectional Association, as required below, to ensure that a majority of individual matches are played. Each Sectional Association shall establish procedures to determine the 1) flight standings in the event of a team default or double team default and 2) actions to take when the combination of individual defaults given by the two teams in the team match results, or would result, in a situation where the majority of the individual matches are not played. If no such procedures have been established, the match will result in a double team default.

- 7) GEPTA/SNM has adopted the following procedures concerning the majority of matches not being played. if a team is not able to field all courts for their local league matches and they are there to play, they must adjust their lineups to be able to play the majority of matches. Teams cannot refuse to play singles if that would make a valid match.
- 8) No coaching is allowed at any time during a league match, including between sets, or between the second set and a match tie-break. USTA Reg. 2.01D
- 9) GEPTA/SNM Adopts the following option concerning a total team default: If a team defaults on an entire team match (all Lines) for any reason during local league season, it is considered a total team default. If all teams with a mathematical chance to advance have played the defaulting team in good faith, those matches shall stand as played when determining standings. If all teams in contention have not played the defaulting team, only the matches in the round robin where the default occurred will be taken out for the purpose of advancement. All matches played will be used for the purpose of calculating NTRP ratings.

### **SCORE ENTRY**

- 1) All match results should be entered in Tennis Link and confirmed within 48 hours after the match is played. Either team may enter scores. If the match is not confirmed, the initial entry will be considered valid, and no appeals will be granted.
- 2) It is the captain's responsibility to report any teams not entering their scores or entering incorrect players or scores to the league coordinator. A captain who notices that scores or players from a match were entered incorrectly, must contact the League Coordinator and copy the other captain involved. The League Coordinator will need the match number, and any other pertinent information to make the necessary changes.
- 3) Both designated captains for the match should agree on scores at the conclusion of the match before leaving the facility. If there is a discrepancy, the players involved in the match in question should agree on the correct score. It is suggested that the visiting team captain sign the home team captain's scorecard to show agreement on scores.

The maximum number of players in tri-level will be 12. There are no exceptions to this rule unless players fall under the late registration guidelines.
- 4) Teams may add COMPUTER RATED players to their roster any time prior to the last 3 matches of the season, provided that the new player has moved to the GEPTA/Southern New Mexico area from a minimum of 100 miles away after the start of the season and can

- 9) Forty % of players on any team must be in level. The exception to this rule is the 3.0 adult men division. Team rosters should be such that the combined ratings for each line of every match is at or within .5 of the Division NTRP level.
- 11) Prior to the league season If a player wants to transfer teams, both captains must notify the GEPTA League Coordinator that they approve the transfer. The GEPTA League Coordinator will make the final determination with regards to the request.
